**Screen time**

It is recommended that children age 2-5 should have limited screen time of 1 hour per day. Ages 6 and older screen time should not replace other essential activities. It is also crucial to make sure content is age-appropriate. Too much screen time can lead to sleep disruption, social isolation, anxiety, depression, ability to focus, poor social skills, and emotional intelligence. As we go into spring break and are in the season of Lent, maybe fast from the screen. Make a technology free day, put away the screen, and go play.

**Kindergarten Screening**

K screening will be open to the public on Thursday April 10<sup>th</sup>. HCCS students will be screened Friday April 11<sup>th</sup> and Monday April 14<sup>th</sup> during school hours.

Mass Wednesday  
March 19<sup>th</sup> is planned  
by grade 3.  
(Mass starts at 9:30am)
